### **CMS Extends NGHP Production file Submission Date Again!**

The Centers of Medicare and Medicaid Services have given an reprieve to those not yet in compliance, by extending the first production of Liability Insurance, Self-Insurance, No-Fault Insurance and Workers' Compensation (NGHP) Input Files from April 1<sup>st</sup> 2010 to **Jan 1<sup>st</sup>, 2011.** ([http://www.cms.hhs.gov/MandatoryInsRep/04\\_Whats\\_New.asp#TopOfPage](http://www.cms.hhs.gov/MandatoryInsRep/04_Whats_New.asp#TopOfPage)).

This is not a free pass. Those not yet in compliance still have to start the process of registration, testing and submit production files by Jan1, 2011. Besides any amounts to be recovered, **specific penalties of \$1000. per day, per claimant, plus costs and other penalties are outlined as penalties for failure to comply.**

We have helped others and we welcome to opportunity to help you too with our *CMS Reporting Module* Software which can also be integrated to our *Risk2009™ Claims Management System*. CRM has an inexpensive yet a robust fix for you, and we are helping a lot of people who are wondering exactly how not to incur penalties. Those who have not complied, or are uncomfortable with the terms need to discuss our plan. Please contact me for a consultation.

Very truly yours,

[John G. Sullivan](#), Chairman, J.D., C.P.C.U.
